

Are You Ready to Fly

Do you consider, during preflight preparation, your personal minimums for the upcoming flight? The CFRs and AIM provide mandates and guidance, but can't cover all situations at all pilot experience levels. Understanding and establishing a set of personal minimums is a global remedy to preventing accidents of all causes. FAA Safety Team Representative Mike Nesshoever will lead this interactive safety event. Come learn from a pro how to establish a set of personal minimums to help guide you to a good go/no-go decision. Click the link below and register TODAY.

Directions: Rte 7 to Rte 103 southbound. Take 2nd right onto Airport Road. Follow signs for Airport. Seminar is in the Civil Air Patrol Building adjacent to the terminal building.

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
